That s enough both of you
Wa ; ? What did we do ?
Yeah . . .
The bitch
Forget about her

It always happened to those who had a place to return to
It was always. It s been fun but I don't th nk th s s the place for me
Nothing new there. Why bother?
Well maybe they are the w ser ones
Why d d you open a place l ke th s anyway? D d you th nk that just prov d ng us w th food s enough ?

If you wanted to do just that you should have opened an orphanage. What is this place exactly a juvenile facility? or just a gathering place ?
I am sorry to say this but no matter how you put it, to me, this place is a gathering place for losers.
So, let's just keep the current members, shall we ? Result of all you've been doing with trying to get more members are swearing and cursing languages.
It just pisses me off. ...

I've eatten enough
He ...
Looks like he isn't pleased with the outcome of the situation
Just forget what he said I will talk to him later
What about you? How are you feeling about it?

Are you alright?
Me ?
I am just worried about her That s all and
I m ss her a bit much

I miss her. .
Let's try to contact her after the situation calms down.
God #$#^ damn it.

Why get p ssed when you don't have guts to apologize?
Fool~
Don't provoke me now I am in a bad mood
He waits for us

He doesn't judge us.
He waits for us and embraces us if there is a need.
No matter how foolish we act at times, he beams smiles at us and accepts us as who we are
He talks an looks nto our eyes
Shut the @$^& up

.... Fool.
Damn it
Damn it
Is he a fool ? Why did he have to take all that crap and still apologize? If I were him I'd beat the crap out of them
Argh, it just pisses me off so much.

How he always thinks
It s not all my fault
He should have defended himself when I was talking Of course
Let s run away for now
What? Lover ?
Let's meet.

..... Why.....
Is this bitch always ....
It was you who suggested th s n the f rst place

Don't you forget that

JanimeS

Do you want me to beat the crap out of you on this gloomy day ?
Besides this place is just too cold

And you still came here?
I am moved a bit I guess it s good to have a lover
Hmmph I suggest ng meet ng f rst Anyway what the hell happened to your har?

Well perhaps it does make you feel that you are a better person
I hate to tell you though that the blood s go ng nowhere
The fam ly s blood trait s extreme self shness
So don't try too hard it only makes me laugh
You speak as f

Have you forgotten already?
What do I have to lose anymore?
I've already lost everyth ng to your" fam ly

How can a sane person claim that he'd be willing to die for someone he loves? No sane person can.

I say I don't care about my family as long as I can have him for only myself I don't need anything else I say

Yes I know

Do you like manhwa?
Ah I know this series A friend I know is the author's assistant
Ah He drew this This feels weird
Did you know? The author's very lazy and is suffering from marriage complex
Anyway why are you reading it here instead of in the class ?

Because I want to avoid bitches like yourself.
Leave me alone and don't waste my time.
Got it ?!
Wow
You are really a coward and scared

Whatever
Just leave me alone
You are lonely, aren't you
That s why you provoked them but you were scared
So you are here runn ng away
It w ll only make It worse

Bitch
Are you implying that you have more experience than me ?
So are you trying to act like an adult?
I know that you've run away from home once
So what?
What do you know about me ?
Why are you telling me what to do ?
You are one of luckier ones born in a rather wealthy family... and know nothing about the reality... All you've done was just trying to act like you were someone special. How cowardly is that?
It just pisses me off.

Wow
talk about
thorns n words
Anyway

I am sorry
I d dn't mean

I am sorry

Could you apologize

You are right
I don't know about you
At the same time, you don't
know about me either
I didn't do it because my
family was rich and I didn't
do it in order to
look cooler
But yes I was a
coward That I admit
I lost someone very
important So I ran away
And due to my cowardness
I couldn't come back on my

I just thought that
you were going through
a hard time
I just hoped that
you won't run away
like me
It's cold See you

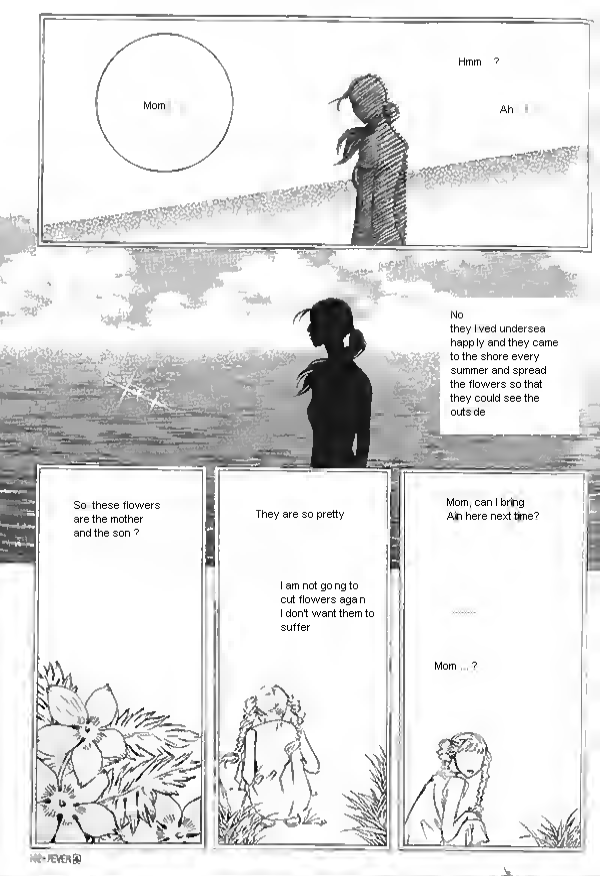
Ji Jun ... want to go to sea with me ?

A very long time ago..
There were a good mom and her child living by a shore
The mom was as small as the cosmos flower and the child was purple
Villagers bullied them for being whatthey are
But it did not matter because the mother and son loved themselves so much that they didn't need anyone else in their life
But one day,
the sky became dark. It was followed by strong wind and sea wave. It overwhelmed the shore.

The sea wave took them
By the following morning the shore appeared to be as normal as always
However the small mother and purple son were nowhere to be found

By next year a new small purple flower appeared
By every summer it was w dely spread across the ent re shore
They were very pretty
She loved the flowers
My mother

Actually...
to be exact, she
is Ajin's mother...
She ra sed me and loved
me equally as her son
after father took me to
her after hav ng an affa r
with a very famous
actress
She always looked
down on herelf and
had only stared at father s
back
She was a fool
She should have
yelled out at least
once to get father s
attent on
So d d the monther
and son d e ?



Mom
Hmm ?
Ah !
No
they l ved undersea
happ ly and they came
to the shore every
summer and spread
the flowers so that
they could see the
outs de
So these flowers
are the mother
and the son ?
They are so pretty
I am not go ng to
cut flowers aga n
I don't want them to
suffer
Mom, can I bring
Ain here next time?
.....
Mom ... ?

Mom ?
After I cried and begged grandfather to come see mother who was resting ...
And she just d sappeared
And two days later her body was found float ng n the sea
Why couldn't you invite me?
We could have lived happily in sea
By the way, did you know ?

We would have enjoyed watching the world every summer

She was a mother to me as well....
She lived with me longoer than with Ain...

...And I loved her more than he did.

So, now you know why he hates me.

Now :

It s been great
We are now breaking up, my dear lover

JanineS

What about you and me ?
You don't want to hurt An ? Then you shouldn't have wanted me in the f rst place
How much more do you want to hurt An ?

You really are a bitch.

Sea ?
I don't like sea very much
Sea s
It sounds somewhat sad to me
Let s go to a mountain instead
That s what he said when we talked about going somewhere
At that time
I couldn't understand why he said so
What are you doing ?

You know the password
I went to sea with Arim today ....

..... I love Arim .....
Like you said,
sea did make me
feel a bit sad ...
and I ...
I abandoned and
threw
the most important
thing into sea
.....
God damn it.
Can you believe this?
I began to love
that #$%^ bitch.

Ji Jun
The thing you threw away at sea Will you not regret?
I am already regretting
But you still know that you cannot go back and pick it up again

I know well about the sea you went to
And that place s a good place to throw someth ng away
It s as deep as hell
It w ll shallow anyth ng and never throws It back
J Jun I was supposed to do that before you

it was me who destroyed our relat onsh p I knew our feel ngs were on a d fferent level
I just had to do it because I loved you too much
f I d dn't do it perhaps we could have been really good fr ends
Like introducing girls to each other and double-dates... marriage and children.
Going to fish together as we age and watch a basketball game together.
It could have been good...

J Jun
When we born next t me f nd me aga n and
Will you love me the way I d d n our next l fe ?

He said that his image fits the concept so perfectly. There will be TV commercials as well. I think it will do well even on TV.
Honestly speaking,he's better than any average model. I think he will be successful.
My sister loves him also.
I think he's better than Arim Lee.

I heard she played a bit before. Maybe, she's into it again.
Who cares. People like her don't last long. She lasted longer than I expected though.
Hmm. I thought she tried hard. I guess I was wrong about her.

You must not know why Jiho was killed !
You mustn't !
Why did you ?
Why did you let Jhode ?

Why should I care really? I hadn't seen him for months. Why have you come to me asking why that crazed drunken nut of yours being dead ?
.... I heard that he did went to some mental hospitals before. He even rumbled that he was tired of moving around his relatives houses since he didn't have parents
Hmm no one he was insane
Did you know that his parents were killed because of his mistake ?
You didn't know that after hanging out with him for months ?
And you call yourself a friend of his ?

Hmmph
so much for
a friendship
Shut up
before I really kill you
Do you really
want to hear
what you want
to hear from me ?
You want me to
say that it was
your fault, right ?
True that it was
an accident..
But he is dead
anyway ... because
of you and me ....
Yes, you do think it
was your fault. And
you will probably
continue your current
lifestyle filled with
regrets.
Yes, you and I
killed him..

Now, there are only you and me...
Why don't we accept the fact that we only have each other...
why don't we live together, hating each other.
Why, are you going to strangle me to death ?
I guess that won't be so bad. Either way, you will not get away from me.
I am actually glad that you will be living with memories of me.
I love you

It will be hard for us.
But we will be able to overcome eventually although we will recall the memories sometimes and feel sad.
Still we had good memories with him.
It will become fragments of bitter sweet memories for us.
But you will not be able to forget
Your fault is that you've committed a murder that you cannot forgive yourself from
Your obsession will die off eventually and even when your self pity cools down
The true memories will strike you
What you've done to Jho
So, don't grow up
It will be very hard for a sane adult to accept the incident

We were going to study together... We were aiming to enter an university and a baking college....
We dreamt of running a small bakery.... Baking cute cookies and breads.... When we found out that we both like baking, we were surprised....
KIX
I bet it would run great. I mean two cute owners running a bakery... although I wouldn't be sure at its taste....
You are right about the taste....
Sleep now. You've gone through enough today....
May I forgive myself....
danimeS

What about me? May I forgive myself ?
When Kang-De and I were on our way to you I was really really worried You know I even prayed to Jho to protect you I prayed that nothing bad will happen
I think I will forgive myself And you should too
If you don't I bet Jho will be angry
I am sure of it....
I prayed not to take you away from me ... That was a very selfish wish. Could I forgive myself?
... I will leave you alone now. Get some sleep...

Thanks
Thanks..., too...
...I will come again tomorrow ....
Thanks for remaining in this world
Thanks

Thanks for not just leaving this side
What about me though
..... Let's give her time.
She has to find her answered by herself. And I am sure she will find her answers.

She s a strong character
She knows how to smile and cry for others
And she knows how to locate what to grab on when lost
Uncle -

I really like Hyeong In
I really do

Of course you do

You two are practically the same person ...

I doubt she will pick up
Yes...
You don't die from mumbling
What?
Maybe I will
Uh... hey, are you crying?

Are you nuts?
Yeah yeah
You see Can I ask you a quest on ? I know you are angry but you need to answer me carefully
I w ll leave my future n your hands It has to be you
Rather than runn ng away I choose to start aga n
I w ll walk from the start l ne aga n
It w ll be alr ght The warmth you ve left me w ll fuel me

What s th s ?

Your brother s quite handsome, sn't he ?
Perhaps I should have p cked h m nstead
I get a feel ng that he w ll be much more cooperat ve
But hey he's a gay
People won't accept that
I don't know what you are up to
But you are wrong
They are just fr ends
Why don't you get to the top c straght nstead of th s ?
Don't you feel that it is waste to let him go now ?
He has been doing unexpectedly well
I thought he'd quit a long time ago

Everytime he does it
he gets better
His pictures are becoming

He is a true diamond
But this is as high as he
will go
He's out
Tomorrow.

Why are you doing this ? It was you who wanted him. So what? What would you gain from this ?

You
I wanted to put you down.
I wanted you to work with a bright gem like him
and wanted you to suffer from the light.
I wanted you to eventually lean toward me.
...But what I failed to foresee was the power of love.
You held well even with that high pride of yours...
Women are weaker when in love...
Come to me and I won't bother tak ng h m down
What would be ga ned?
You ga n h s future
and I earn you

Huh~
What a dirty way of declaring your affection
If you kneeled down and proposed with a ring like a man, I would have just turned around
Does every so called charman love like you do ?
This is it ?
This is nothing
Let's just go
I bet you've never cried for anyone.

Do you remember when you started to put on that fake smile of yours? when you were declaring your affection toward her you put on the very same fake smile
Of course you are on a much higher rank than me and have much more money as well as life experience
But you need to learn more about love
You don't calculate when it comes to love
You know what
Make it as simple as it could get
Learn from me
헤어

I am going to marry you.

Crazed jerk
Bingo !
Th s s how you love m ster
I w ll quit qu etly f you des re it was gett ng good But oh well I suppose good th ngs come to end eventually
So, don't you get your hands on my woman.

That was some performance you demonstrated
I don't feel like losing to you again

I will show you what kind of success I can bring to you

Shall we go to sea.....
바다에 가자....

A little more

A little more and I felt like
I'd be there.
Sea, that was.

There was no sound of sea
There was no smell of sea
But I knew
I just knew
So, a little more.....
Just one more step forward.....
To sea,

And there it was .....
Sea.....

Sea. there was

It was there, unchanged as usual, still salty and yet refreshing.

The sea... was, too, hot and passionate like our hearts were

still salty yet refreshng.

And

It was lovely

Fever, the end
